

# Portuguese for Foreigners, level B1 (Basic)

The B1 Portuguese for Foreigners course is designed for adults (aged 18 or over) who already have a basic knowledge of the Portuguese language and are looking to improve and develop their communication skills, being able to express themselves about personal and familiar subjects in a simple and coherent way.

As a distance-learning course, it gives all foreign learners the chance to study Portuguese and learn about Portugal and its culture, particularly those who until now wouldn't otherwise get such an opportunity.

The course adopts an intercultural approach based on teaching and learning as a way of examining students' knowledge of themselves and others. Teaching and learning is a way of promoting the Portuguese language and culture and a means to gradually increasing multilingual awareness across different cultures.
